CALL FOR PRIMARIES

Governor Harris Refuses to Allow His Name for Chairman

Convention Will be Held March 3 and 4, and the Primaries on February 11.

**THE REPUBLICAN PRO-
GRAM.**

Primaries, Feb. 11, 1 to 7
P. M.

Convention, March 3 and 4.
Temporary organization—
Chairman, James R. Gar-
field, Cuyahoga county.
Secretary, Robert M. Switz-
er, Gallia county.
Assistant secretary, Malcolm
Jennings, Fairfield county.
Sergeant at Arms, Richard
ard Gilson, Jefferson county.

Columbus, Jan. 3.—Without ma-
terial deviation from a program that
had been agreed upon days in ad-
vance, the friends of Secretary Taft
in the Republican state central com-
mittee set the date for primaries in
Ohio, established the time of the state
convention and laid down drastic
rules for the government of county
committees in the matter of the se-
lection of delegates to the conven-
tion.

A uniform primary plan was adopt-
ed fixing primaries in the various
counties on the same day, February
11. The state convention will be
held in Columbus March 3 and 4. The
Taft machine was high-gear and ex-
hibited tendencies to run over every-
thing that got in its way.

In the adoption of a plan for pri-
mary elections, precedent was wholly
ignored and time-honored custom
swayed aside to meet the new condi-
tions that have arisen in the candi-
dacy of two Ohio Republicans for the
highest office in the gift of the peo-
ple.

County committees were directed to
establish primaries in each county
that would secure a direct vote of
the people as between Secretary Taft
and Senator Foraker. In each county
candidates for delegates to the state
convention must submit to the county
committee a written consent to stand
as such delegate and his petition to
be placed on the ticket must be signed
by ten electors.

But no clog is to slip. After the
list has been compiled, those candi-
dates for delegates designating them-
selves Taft men must be placed on
one ticket under a distinctive Taft
heading, and those designating them-
selves Foraker men must be grouped
under a distinctive Foraker heading.

To make absolute and certain that no
subterfuge in this behalf is resorted
to, Republican electors to the number
of twenty times the number of dele-
gates to which the county is entitled
may petition for this separate group-
ing of delegates under presidential
heads, and no other list of delegates
bearing the same heading may be
placed on the ballot.

This feature is calculated to make
certain that there will be only one
ticket of its kind in the field in any
one county and thus provides against
a division of the vote.

The call declares that if delegates
are not selected as provided for, the
delegates shall not sit in the conven-
tion. This gave rise to some discus-
sion as to how counties would be
represented in case some of the com-
mittees that are controlled by Senator
Foraker's friends should not accede
to the drastic rules that are laid
down. Some went so far as to say it
meant two state conventions.

It is said, however, that some of
the committees in the state will not
obey by the call and in this event
such county will be without represen-
tation in the convention in the event
the Taft people control in a majority
of the counties in which provisions of
the state committee's call were ad-
hered to.

It will be observed that the call

does not specify the indorsement of
a candidate for United States senator.
The indorsement of a candidate for
senator was a part of the platform in
1906, but conditions have arisen since
then that caused the committee to
eliminate it from the call. The sena-
torial matter will thus go direct to
the legislature that convenes in Janu-
ary, 1909, before which there will be
numerous candidates.

In their efforts to block the Taft
program, the Foraker minority ap-
pealed to Governor Harris to permit
the use of his name as a candidate
for temporary chairman. He declined,
saying that while he had not fully
made up his mind, he might be a can-
didate for nomination on the state
ticket and would not care to preside
over the convention which would
honor him by making him the stand-
ard bearer of the party.

Then the minority took up another
Foraker man, Harry M. Daugherty,
and, without his consent, presented
him for the chairmanship, thinking
to break the Taft ranks. The effort
won just one vote, that of Richard H.
McCloud, a long time personal friend
of Daugherty. This made the vote
for chairman, 13 for Garfield to 8 for
Daugherty, the high-water mark of
the Foraker opposition.

The Foraker opposition to primar-
ies was led in the committee meeting
by C. B. McCoy of Coshocton and O.
B. Gould of Wellston. They first op-
posed direct county conventions made
up of primary-chosen delegates. Then
they offered and voted for a resolu-
tion to leave the time and method of
selecting state delegates to the county
committees, which would have per-
mitted doing away with primaries al-
together.

Licking county is entitled to 11
delegates, the total number in the
convention being 815. Necessary to a
choice 408.

NINETEENTH IS FOR TAFT

Cleveland, O., Jan. 3.—The Republi-
can congressional committee of the
19th district, comprising Ashtabula,
Geauga, Summit, Trumbull and Port-
age counties, met here last night to
arrange for the coming congressional
convention. A resolution was adopted
declaring Secretary of War Taft the
presidential candidate of the 19th
district, and endorsing Congressman
W. Aubrey Thomas for renomination
which in the 19th is the same as an
election. The primaries will be held
February 11, and the convention will
be at Warren.

It developed at the meeting that
the 19th district will probably pre-
sent W. B. Baldwin of Ashtabula as
its candidate for member of the
board of public works, and Warren
Thomas of Warren, for attorney gen-
eral.

FORAKER FORCES PREPARE A BOLT

Columbus, Jan. 3.—The actual work
of organizing the state in the inter-
est of Secretary Taft's candidacy be-
gan Friday at the Taft national head-
quarters. A fully equipped Taft or-
ganization will be formed in every
county. Where a county committee
is favorable to Taft, the national
bureau will look to it, but where a
county organization is opposed to the
secretary the Taft bureau here will
send its workers to perfect an inde-
pendent organization.

Chairman Brown of the state com-
mittee spent the day at Taft head-
quarters, conferring with Manager
Vorys. There is a well defined rum-
or afloat that the Foraker men are
preparing to bolt the regular conven-
tion and send a contesting delegation
to Chicago, but none of the Foraker
leaders will admit this.

TROOPS

May Be Called Out to Suppress Rioting at Muncie Which Was Resumed Today.

Muncie, Ind., Jan. 3.—Rioting was
resumed in the outskirts of the city
at 10 o'clock when the first car made
its appearance on the industry line.
A great crowd of men and boys de-
molished the car and made the strike-
breakers flee. Another car came to
pull into the barn and the mob de-
molished it. Both cars were aban-
doned. It is believed that the troops
will be called out at once. The com-
pany started cars on the strength of
this statement from Governor Han-
ley. "Your franchise provides that
you run cars. If you do not do so
you stand to forfeit your franchise.
No more lawlessness at Muncie will
be tolerated."

'STARVING

WERE SEVEN MEN PICKED UP BY A SMALL BOAT IN MID-OCEAN.

Told Thrilling Story of Wreck of Their Bark and Disappearance of Another.

New York, Jan. 3.—Seven men,
picked up in a small boat in mid-
ocean after eight days of terror, toss-
ed by tremendous seas, almost
dead from starvation and thirst, their
limbs swollen and their bodies cov-
ered with boils, arrived today in the
oil tank steamer, Hotham Newton,
and told the story of the wreck of
their bark, Germanic, the drowning
of the captain, who went down with
the ship, and the disappearance
among the mountainous waves of an-
other small boat containing eight
members of the crew. The sailors in
the boat are almost dead.

SENSATION

Is Sprung by Actress in Dance That Rivals That Created by "Sa- lome" Production.

New York, Jan. 3.—The greatest
dancing sensation Broadway has ex-
perienced since the Metropolitan Op-
era company's production of "Salome"
was furnished last night by Miss
Bessie Clayton, as one of the features
of the re-opening of Joe Weber's Mu-
sic Hall, where a burlesque of the
"Merry Widow" was presented.

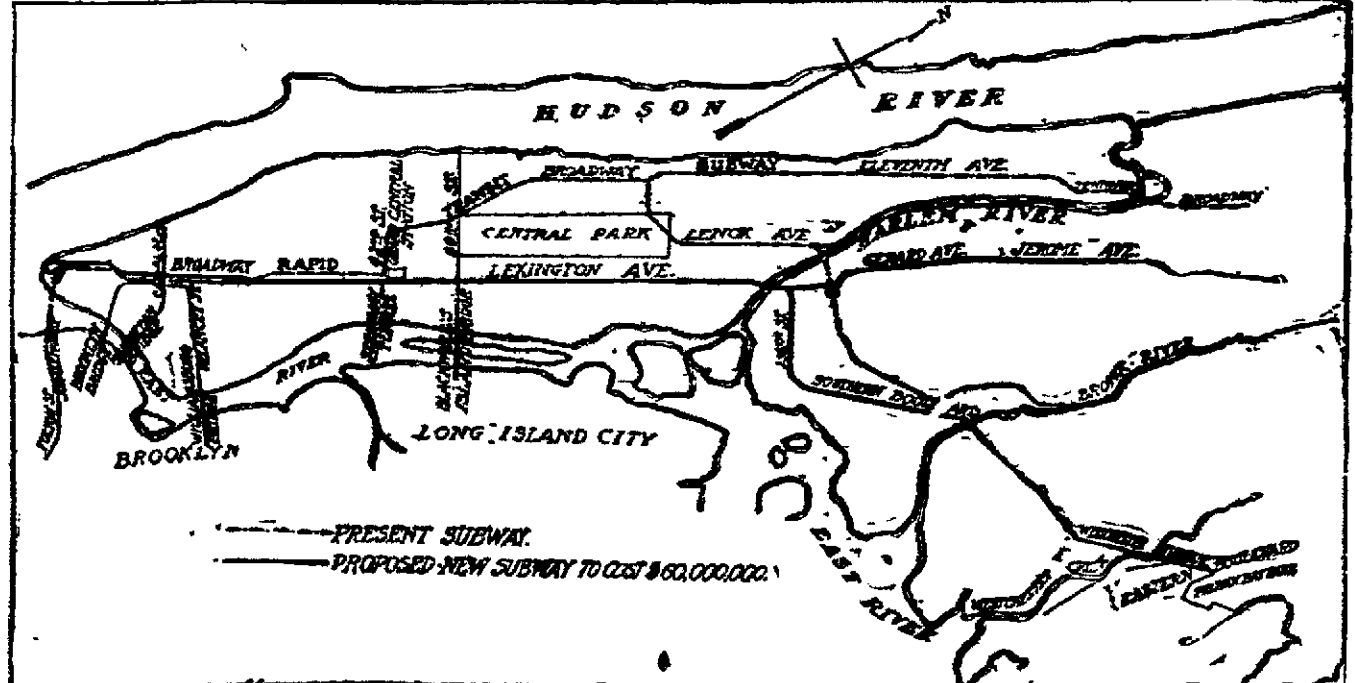

In the third act the famous scene of
maxims Miss Clayton entered as a
demure Quakeress. An over-enthusi-
astic boulevardier tugged at her sim-
ple gray gown and it dropped off,
leaving the dancer attired only in, er—
very briefly. Then follows the
dance that, while one of the cleverest
of Miss Clayton's wonderful efforts,
was at the same time strongly sugges-
tive of the dance that made the Mid-
way famous at Chicago.

DETECTIVE

Was Fatally Wounded by the Men He Attempted to Arrest on Suspicion—Murderers Escaped.

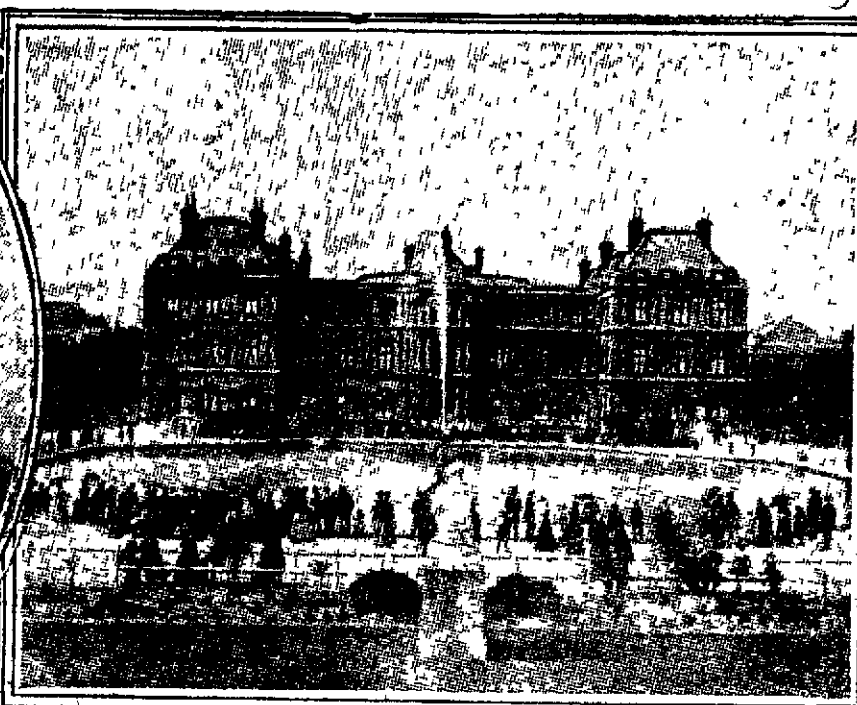

Chicago, Jan. 3.—Detective Wm. R.
Mooney was fatally wounded, and two
citizens were shot in the legs early
today, when Mooney attempted to ar-
rest three suspicious looking men.
They opened fire on the detective and
escaped.

TWO NEW TUNNEL ROUTES.

NEW YORK, Jan. 3.—Routes for two additional rapid transit sub-
ways in Manhattan and the Bronx, to
cost approximately \$67,000,000, have been adopted by the Public Service Commission.
Though the two new routes are planned for construction in Manhattan and the Bronx—one by way of
Broadway and Lenox avenue, generally speaking to 128th street, with an easterly branch from that point to
Pelham Bay Park, and a westerly branch extending to Woodlawn Cemetery, all to cost \$60,000,000, while the
other contemplates a crosstown subway in Canal street, at a cost of \$7,000,000.

PALACE OF THE LUXEMBOURG, AND M. GUYOT-DESSAIGNE

PARIS, Jan. 3.—The Minister of Justice M. Guyot-Dessaigne, was stricken with apoplexy in the Senate
(Luxembourg Palace) and died almost immediately afterward. The death of the minister was preceded by a
debate, which undoubtedly had a most exciting effect upon him and caused the attack which resulted in his
death.

ROCKEFELLER

Gives Two Million Dollars to Chicago University Making a Total of Twenty-Three Million.

Chicago, Jan. 3.—Martin A. Ryer-
son, president of the board of trust-
ees of the University of Chicago, an-
nounced Thursday that John D.
Rockefeller had added \$2,191,000 to
his gifts to the university, making
the total of his benefactions over
\$23,000,000.

It is also reported that Mr. Rocke-
feller has offered to treble all con-
tributions to the memorial library which
the university is trying to erect in
honor of William Harper, its first
president. The trustees have already
received \$135,000 for this purpose,
and hope to add \$65,000 to this sum,
so that with Mr. Rockefeller's con-
tribution on \$300,000 structure may
be erected on the campus.

The gift announced, like most of
those preceding it from the same
source, is to be devoted mainly to
general endowment purposes. Securi-
ties to the value of \$2,000,000 are
set aside for this purpose, thereby
adding \$80,000 to the income of the
institution. Of the balance, \$155,-
000 is to be used to wipe out a deficit
in the accounts for 1906-7, and \$36,-
000 will be devoted to the purchase
of books, laboratory apparatus and
other equipments.

FAMOUS

As an Operating Surgeon Dr. Nich- olas Senn Succumbs to a Long Illness.

Chicago, Jan. 3.—Nicholas Senn,
one of the most widely known sur-
geons in the United States, died here
Thursday. Dr. Senn was chief sur-
geon of the Sixth Army corps during
the Spanish war, and was chief of the
operating staff of the army in the
field. He was the author of many
medical works and was generally con-
sidered one of the foremost operating
surgeons of the country. During the
last two years ill health had debarred
him from much active practice.

DEFINITE FORM

TO HUGHES' BOOM

Albany, N. Y., Jan. 3.—The presi-
dential boom of Governor Hughes
took definite form with an organized
movement today, when arrangements
were made for the organization of
the Hughes supporters in every as-
sembly district in the state, for the
purpose of gaining delegates.

GOVERNOR JOHNSON FOR TARIFF REFORM

New York, Jan. 3.—In tariff reform,
based so as to give all industries an
equal chance, Governor Johnson of
Minnesota sees an opportunity for the
Democratic party in the nation ac-
cording to an authorized interview
given to the World On that issue the
governor declares the Democracy
won her only national victories in 50
years, and it is vital today even
more than ever before.

CAN'T AGREE

BUT JUDGE SAYS POWERS JURY WOULD STILL BE KEPT TOGETHER

Until All Chances of Arriving at a Verdict in the Famous Trial Were Past.

Georgetown, Ky., Jan. 3.—The jury
in the case of Caleb Powers seems
hopelessly deadlocked and the final
result will undoubtedly be a disagree-
ment. At 10:45 today the jury filed
into the court room and declared that
it could not agree on a verdict. "We
are further from a verdict today than
we were last night," said foreman
Price, "and I know that it will be
impossible."

Judge Morris told the jury that
the law required that they be kept
together as long as there might be a
chance for reaching a verdict.

BUSINESS

Taken Care of by Edna Wallace Hop- per Whose Manager Was Taken Ill.

New York, Jan. 3.—A little indica-
tion of the ability she would have
had to manage the millions of the es-
tate of her stepfather, for which she
sued in vain, was furnished by Edna
Wallace Hopper the actress in a tele-
gram sent to Cohan & Harris, man-
agers of "Fifty Miles from Boston."
Daniel Shea, manager of the company,
was stricken with pneumonia a cou-
ple of days ago and sent to a hos-
pital at Cincinnati. Today Sam H.
Harris is showing with considerable
pride a telegram he has just received
from Miss Hopper which shows she
is doubling in the role of star and
manager. The telegram reads:

"Left Shea very ill with pneumo-
nia. Gravity situation impelled me
to take personal charge of stage and
front of house. Management of the
ater here agreed to count up house
with me after performance. Every-
thing absolutely all right. Don't
worry. Sale good for tonight here
(Zanesville, Ohio). Any business ad-
dress me. Edna Wallace Hopper."

NIGHT RIDERS USE DYNAMITE

Russellville, Ky., Jan. 3.—Night
riders, 100 strong, swooped down on
Russellville, Logan county, this
morning and after overpowering three
policemen and providing against the
giving of an alarm, dynamited and
burned two independent tobacco con-
cessions in the city and rode away by
way of the Hopkinsville and Clark-
sville pike.

Two merchants who did not obey
the orders of the riders were fired
on and slightly wounded with bird-
shot. An appeal may be made to the
governor for troops.

Some people are altogether too
proper to be interesting.

ARREST JAPS

For Carrying Arms and Examples Will Be Made of Those Who Are Convicted.

Vancouver, Jan. 3.—Many Japan-
ese are being arrested here for car-
rying arms, and examples, it is as-
serted, will be made of all against
whom convictions can be secured for
violating the law. The police, influ-
enced by the bitter anti-Oriental
feeling, are not invariably discreet in
making such arrests, and have taken
several Japanese into custody against
whom they had no cases and in this
manner are intensifying the excite-
ment among the islanders as well as
among white men.

Of the three firemen stabbed in
Wednesday's riot two are doing well.
The third, whose injuries were at
first considered fatal, is now believed
to be sure of recovery, but will be
disfigured for life. Leading Japanese
admit that their countrymen are
sometimes unnecessarily excitable,
but argue that they have been bad-
gered and persecuted until there is
much excuse for them.

As he was leaving he espied near
the entrance of the church Count
Boni de Castellane standing between
the benches. Although he was inside
the sacred edifice, the Prince on pass-
ing Count Boni replaced his hat. This
is the greatest insult one Frenchman
can offer another. The Count jumped
up and struck out at his adversary,
who is a large man, but missed him.
Count Boni then exclaimed angrily:

"Miserable coward that you are.
Here is what my children charge me
to give you for your perfidy!" And
he spat in his adversary's face.

De Sagan lifted his cane and struck
at Boni, but the blonde Count parried
the blow and also landed a stinging
one on de Sagan's face with his
cane, from which blood flowed for an
hour and a half. A free fight then
took place between friends of both
parties outside the church.

The affray ended in the gutter,
where the men were finally separated
by a big butcher. Count Boni at the
moment of intervention was holding
down the well-nigh insensible Prince,
while Jean, according to eyewitnesses,
was administering to him a severe
kicking.

Paris is fairly mad with curiosity
concerning Mme. Anna Gould's prom-
ised comments on yesterday's clash.
Mlle. Gould said yesterday that her
statement would be given out through
her lawyer today.

One story is that the encounter
will lead to a reconciliation between
Boni and his divorced wife; another,
that all hopes of a reconciliation are
now ended and a third, that Mlle.
Gould will certainly marry the Prince
de Sagan at once.

Prince de Sagan announced this af-
ternoon that he has definitely decided
that he cannot challenge Count Boni,
because the latter was aided by his
brother, and struck him when he was
down. "Unless the public prosecu-
tors act," he said, "I shall bring a charge
of criminal assault."

SCISSORS

Used by Unnatural Mother to Decap- itate Her New Born Babe, Fear- ing Disgrace.

New York, Jan. 3.—Fearing she
would lose her position, Mrs. Terren
Sampietro, employed by an Italian
family, of No. 523 High Point avenue,
West Hoboken, is under arrest in the
North Hudson hospital, charged with
having murdered her infant by cut-
ting off its head with a pair of old
scissors, concealing its mutilated body
in her trunk and attempting to hide
the traces of blood on the floor, which
ultimately led to the discovering of
her gruesome deed.

said that the woman gave his name
and the police will forward it to the

HAD FIGHT IN CHURCH

When Prince De Sagan Offered Him an Insult

Count Spat in Prince's Face But the Latter Refuses to Chal- lenge to a Duel.

Paris, Jan. 3.—The long dispute be-
tween the friends of Count Boni de
Castellane and Prince Helle de Sagan
regarding the latter's alleged intima-
cy with the former's divorced wife,
Mlle. Anna Gould, and which has
for some days past been very acute,
yesterday reached a sensational crisis.
A requiem mass for the repose
of the soul of Lady Stanley Errington,
widow of Sir Stanley Errington,
who died in Chester, England, this
week, was celebrated in the Church
of St. Pierre Chailiot Lady Stanley
Errington was a member of the Tal-
ford family.

Prince de Sagan, who is ostracised
by his family, was requested not to
attend the mass. He made his ap-
pearance however, but departed be-
fore the mass was finished.

As he was leaving he espied near

ORDERS

PATROLMEN TO CLOSE UP ANY GAMBLING HOUSES IN CITY OF NEWARK.

"CLOSE THEM UP TIGHT"

Is the Instruction of Mayor Atherton and There Will be No Gambling in This City.

Just before the patrolmen started out on their beats last night, Mayor Atherton held a little conference with them in regard to their work as guardians of the city's peace. He gave them to understand that their work would have to come up to the standard and then informed them that some gambling was going on in Newark. Then he gave them their orders. "Close them up tight. If you know of any games that are running close them up at once—tight." That was his first official order since taking up the work where he left off several years ago.

"Why is Mayor Atherton like a clam?" is the conundrum that information seekers are asking themselves. Many are trying to nose out the facts in the police situation, whether changes are to be made or not, and if so, who will draw the shoulder straps. If Mayor Atherton knows, and he probably does, he refuses to make any definite statements and lets each person draw their own conclusions. A shake up is expected, but that is all any one knows and the outsiders are in the dark just as much as ever. Friends of the different prospective candidates are using every means in their power to impress His Honor with the good points of their candidates, but if any of them have made an impression they don't know it.

So the books are still open and the public can make all the bets it may care to, but the "dark horse" is still in the running and the men that will come under the wire are not known to any outsiders. Even the police department is absolutely in the dark, the men now holding the official strings may continue to hold them—they may be forced to drop them most any day—but Mayor Atherton still smiles and shakes his head when approached by information seekers.

When police court was convened this morning by Mayor Atherton only one drunk was arranged. The man in question used to be a regular visitor at the "pie house," but for almost a year he has worked hard and this was the first time he has appeared. He was given a dollar and costs and the sentence suspended.

Mayor Atherton has appointed his daughter Hazel as his clerk. Miss Atherton has already taken up her duties as clerk and secretary to the chief executive.

John Lebew, the 19-year-old Zanesville boy, who Mr. Clint McKinney arrested at his home in Newton township, just as the lad was coming out of his cellar, was tried before Mayor Atherton Friday morning and given his hearing. He pleaded not guilty to the charge preferred against him and was bound over to the court of common pleas in the sum of \$200. He will probably be unable to furnish bond and he was taken to the county jail.

Lebew seems to have a decided like for farm houses, especially the valuable that may be in them. A phone message came to Sheriff Redman Friday morning shortly after Lebew's trial, from the sheriff of Perry county, saying that Lebew was wanted there for breaking into a farm house and robbing the children's bank of some one hundred dollars. The two cases will probably "fix his clock" for some time, and the young fellow will probably have lots of time to think things over.

Either the thief didn't need a gold watch and some other things, or else these things were overlooked, but however that may be, when Mrs. Edw. Early, 66 North Morris street, went to a closet to get a hat to wear to the New Year's matinee, she found that pieces of feminine property was missing. A search was instituted but no trace of the missing headgear could be found. The police have been notified and now every woman in Newark is under suspicion until the officers take a look at her hat. Peculiar complications are likely to arise as hats have the peculiar habit of looking very much alike, sometimes, and then, too, men aren't supposed to know much about them.

Accidents will happen, but the best-regulated families keep Dr. Thomas' Electric Oil for such emergencies. It subdues the pain and heals the curts.

HOMER.

The funeral services over the remains of the late Mrs. Laura Wilson were held at Eden, Dec. 27. A large number of mourning and sympathizing friends were in attendance to bid a last farewell. She has come from her dear ones—children and husband, whom she willingly tolled for and loved as her life. Oh God, how mysterious and how strange are thy ways. To take from us this loved one in the best of her days.

PERJURY

WILL BE CHARGED AGAINST SEVERAL WITNESSES IN DRUCE CASE.

The Extradition of Robert Caldwell to Answer for This Crime—Will be Pushed.

London, Jan. 3.—Representatives of the Duke of Portland and Herbert Druce have decided to push the extradition case and subsequent prosecution of Robert C. Caldwell, the Staten Islander who testified that he managed a mock funeral for Druce's father, Thomas Charles, putting 200 pounds of lead in the coffin.

The Portland-Druce interests question whether Caldwell is really as ill as has been represented in dispatches from New York. The warrant for the Staten Islander, a transcript of his testimony and a sworn statement of the opening of Thomas Charles Druce's coffin and the finding of human remains inside, were forwarded to New York last night together with a request that the British representatives there spare no pains to secure the witness' surrender to English justice.

It is argued that several other witnesses who testified positively that they knew Druce and the fifth Duke of Portland to be one and the same man, were also plainly guilty of perjury, and consultations have already been held with crown officials relative to the issuance of warrants for their arrest.

**ALL REPUBLICAN
PRECEDENTS VIOLATED**

The Republican State Committee at Columbus Thursday decided by a vote of 14 to 7 to hold primary elections to select delegates to the State Convention on the 11th day of February. The convention is called for March 3 and 4. The delegates, therefore, are to be chosen 21 days before the meeting of the State Convention. In fixing such abnormally early dates for both the primary elections and the State Convention, every established custom and precedent of the Republican party have been violated. But why there should be a requirement, in the fixing of both dates by the State Committee, for the delegates to be elected 21 days before the date of the State Convention, can only be accounted for on the grounds of arbitrary and unscrupulous bossism. To call out the masses of the voters of a party on a day like the 11th of February, that is liable to be season of the most unfavorable weather, is certainly an act for which the bosses of any party deserve the severest condemnation.

STORMY SESSION

Of Fifteenth District Committee Who Accede to Congressman Dawes' Request.
Marietta, Jan. 3.—The Fifteenth District Republican congressional committee met in this city last night and after a long and stormy session, decided to hold the next convention at Cambridge on February 13. The primaries will be held February 11, in connection with the state primaries. Congressman Dawes' wishes were all granted with the exception that he wanted the convention held in Marietta.

Sherman Granger of Zanesville, represented Peter Black by proxy and other members of the committee were present. Mr. Granger represented the Foraker contingency in Muskingum county and John McWilliams of Noble county, stood with him on every question. The committee elected Dr. C. L. Casey of Guernsey county chairman and John W. Lansley of Washington county secretary. The apportionment of delegates will be made on the vote cast for Carmel Thompson for secretary of state, making 194 delegates.

COLD WEATHER

May be Expected This Month If the
Record of Thirty Years Means
Anything.

If the statistics compiled from the weather records of the month of January for the past 30 years can be taken as a criterion, the month of January will be colder than any winter weather experienced so far this season. The average temperature here during the first month of the year is 29 degrees, although there have been months with average temperatures as warm as 44 degrees and months when the thermometer went as low as 19 degrees on an average. The highest temperature ever registered during the month of January was in 1906, when a temperature of 72 degrees was registered. The lowest was in 1884, when the thermometer marked 20 degrees below zero. The average time between the first "killing" frost and the last one in this locality is 183 days, or practically six months.

UNIQUE

IS RECORD OF DICK CALDWELL,
SENT UP FROM MUSKINGUM COUNTY.

Has Served Five Terms and is Now
Completing His Sixth—A Model
Prisoner.

Columbus, O., Jan. 3.—On January 25 the Ohio penitentiary will lose one of its most unique prisoners, when Richard Caldwell is discharged on expiration of his two year sentence from the Muskingum county courts, where he pleaded guilty to burglary and larceny.

Caldwell has served five terms in the penitentiary and is now rounding out his sixth. Despite the many times he has been convicted Caldwell has been what the prison officials term a lucky man. None of his sentences have been for more than three years, with the majority of them one and two years terms.

"Dick" as he is familiarly known, has each time been brought in under a burglary and larceny charge for stealing something along the line of firearms or other dangerous weapons.

However, he is not a dangerous man, having always picked a hardware store as the scene of his operations. Another thing remarkable about his many cases is that he almost invariably pleaded guilty to whatever charge is brought against him.

It is claimed for Caldwell that he has a disposition as inoffensive as a lamb. He is meek, possesses a low and well modulated voice, which he knows well how to use. Because of these he has always been able to get away from a sentencing court without his prison record becoming known.

This stood Caldwell in good stead about three years ago when he was arrested in connection with the mysterious Loran murder. A short time after the arrest of Caldwell a Catholic priest, who was a brother of the murdered woman, was arrested on suspicion and Caldwell drew his release. Had Dick not kept mum and his prison record become known it is probable that he would have been indicted for the murder.

In prison Caldwell is a model. He is inoffensive and modest to a fault. Withal, he is mischievous and occasionally is asked about a noise or disturbance in his cell. At such times he shakes his head, only to repeat the question put to him by the guard and then deny all knowledge of anything having gone wrong.

Lingafelter Case.
An amended petition has been filed by the receiver of the Homestead Building Association against Receiver Stasel of the Savings bank, and J. F. Lingafelter. Plaintiff says that Lingafelter deposited in the bank \$1459.73, and took to himself as secretary, a certificate. That the certificate was taken for the purpose of paying a claim held by the Johnstown Building Association, against one Daisy D. Stevenson, who had therefrom consummated a loan of \$1600 with the association, and the money had been left with Lingafelter as secretary; that the certificate being in the bank it came into the hands of Stasel, as receiver. That Lingafelter never had any interest in the certificate personally, and now has no interest in it personally or in any other manner. Plaintiff asks the court to decree that the plaintiff Building Association is entitled to the certificate; that Lingafelter be ordered to enforce it; and that it be allowed by the bank's receiver as a general claim.

AN OPEN LETTER
To the People of Newark.

To Whom It May Concern:
Of late there has been a good deal of discussion in Newark in regard to advertised medicines and their value—the papers are full of them.

We want to say to every man, woman and child in Newark that we believe the most valuable preparation of cod liver oil—the best tonic, restorative, health restorer and strength creator—we have ever sold in our store is Vinol.

Vinol is not a patent medicine, it contains no injurious drugs, but it actually does contain all of the medicinal, curative elements taken from fresh cod's livers, without a drop of the useless oil to upset the stomach and retard its work, and tonic for added.

Vinol is recognized throughout the world as the greatest strength, creator for old people, weak, sickly women and children, nursing mothers, and after a severe sickness.

Vinol cures hacking coughs, chronic colds, bronchitis, and all throat and lung troubles. We ask the people of Newark to try Vinol on our offer to return money if it fails. Frank D. Hall, Druggist.

FIRST YEAR
UNDER THE NEW SALARY LAW IS COMPLETED BY JUDGE BRISTER.

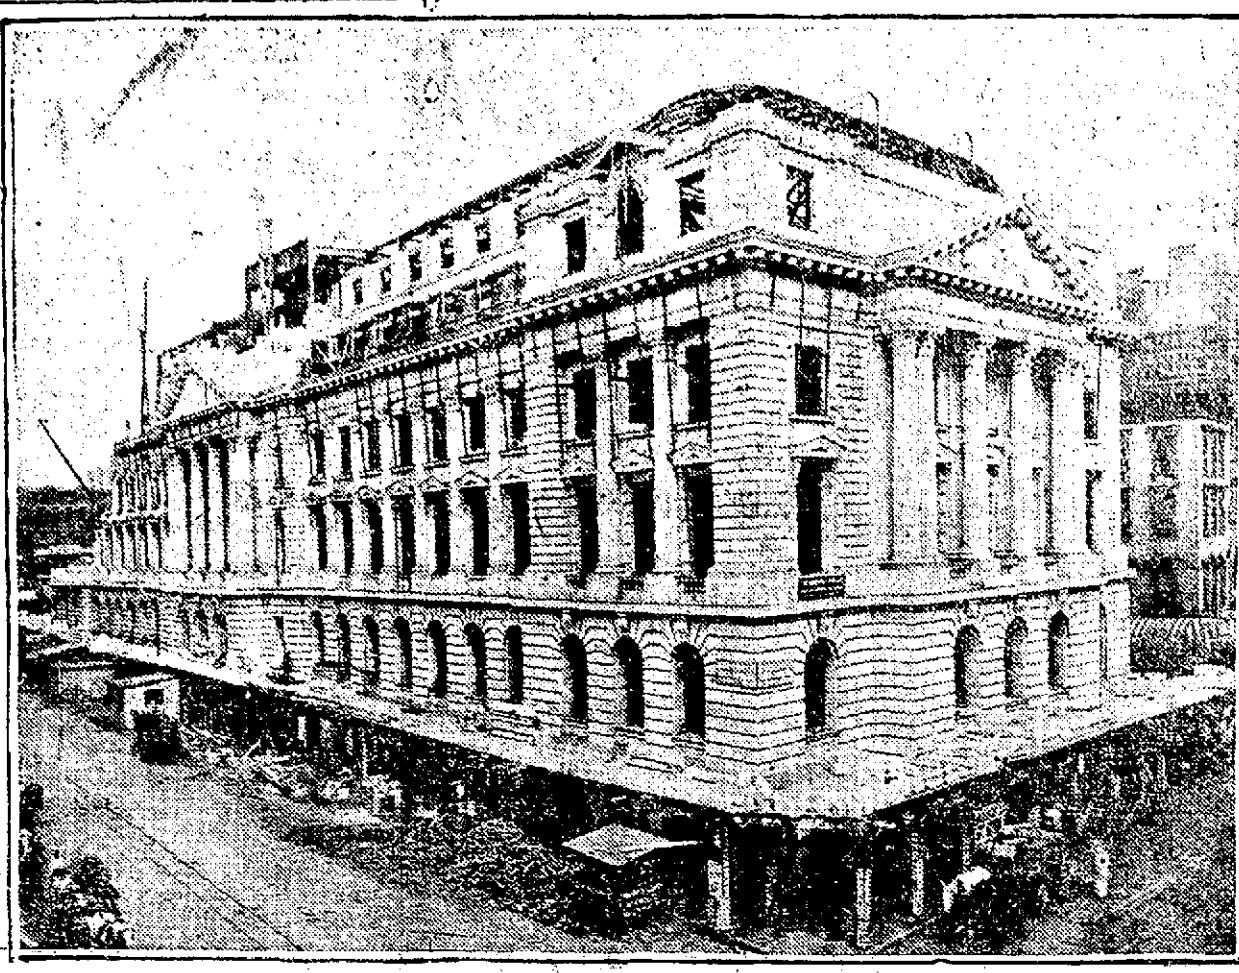

And His Office Made a Most Admirable Showing Contrasted With Larger Counties.

The county officers have just completed their first year under the salary law, which provides that all county officers shall pay all fees and costs collected by them into the county treasury and draw back their salaries. During the past year the Probate court has paid into the county treasury the sum of \$6,431.61, but transacted business estimated at over \$300 above this amount. The total expenses of the Probate office for salaries, including that of the judge and three deputies, for the year, amounted to \$5,070, leaving a surplus paid into the treasury over and above the salaries of \$1,361.61. This is an admirable showing, and may be better appreciated when contrasted with some of the larger and more populous counties, as for instance, Franklin county, where the total receipts were, in round numbers \$13,000, which was not sufficient to pay the salaries of the judge and deputies by \$400.

NEW POLICE HEADQUARTERS IN NEW YORK, SAID TO BE UNSAFE.

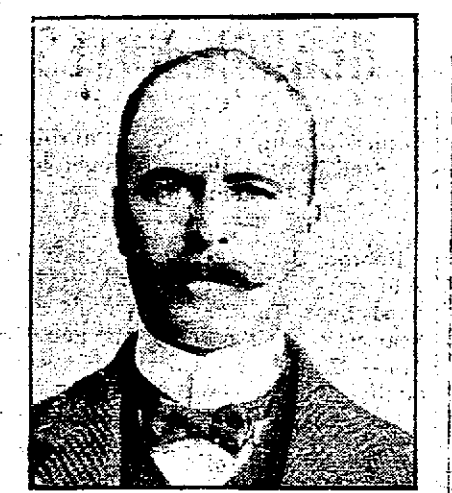

NEW YORK, Dec. 31.—General Bingham, New York's Police Commissioner, created no little sensation on Monday afternoon by announcing that he had grave fears as to the safety of a building at Center, Broome and Grand streets, on which three-quarters of a million dollars have already been expended. The commissioner said the department might not be able to move from the old Mulberry street building for a year and a half or two years.

INTEREST

INCREASING IN THE BEST POULTRY SHOW EVER GIVEN IN NEWARK.

show and in conversation with one of the officers said that the show was larger and finer than any he had ever attended in Central Ohio. The crowing of roosters, and the multitudinous other sounds emanating from the Armory comes as music to the management and the lovers of fancy poultry. And there are in this show specimens of birds that have not their equal in any place. In the exhibition there are many prize winners, and they look it.

The expert judge will finish his work today, having gone over 250 birds Thursday, which is considered an extra day's labor and is giving excellent satisfaction.

The premium cards will all be up tonight, and the complete list of the awards will be published soon.

It is estimated that 3,500 persons will visit the show, and all speak in the highest terms of the quality of the exhibit and the excellent manner

DO YOU ENJOY YOUR MEALS?

One of the Most Important Questions to Consider in the Search for Happiness and Health.

The burning question, to you is, "Are you getting out of life all the pleasure and the health you are entitled to?" If not, why not?

No matter whether your organ and member of your body is in a sound state of health and strength, if your stomach is any way disordered, you are not going to be "yourself." You are going to be a worried, out-of-sorts, nervous or sullen individual, whose actions will reflect your condition inside, and people will naturally avoid you.

The world wants to smile and be cheerful, and unless you are cheerful and smile, at least occasionally, you will have few friends, fewer opportunities, no success, and you will go down in defeat—defeated by dyspepsia and a bad stomach.

A good and thorough digestion has a quick, wonderful reaction upon the brain. You must have noticed it many times, for the brain and stomach are as intimately connected as a needle and its thread, one can hardly be used to advantage without the other. If your stomach is slow and lazy in digesting your food, it will produce at once a slow, lazy and cloudy influence upon your brain. Mark it! If your stomach has absolutely quit work, and fermentation is poisoning your vitals as a result, surely your brain is going to be sluggish and correspondingly depressed. No one need tell you that.

But why continue to suffer all the miseries and torments that a disordered stomach brings you?

If your stomach can not digest your food, what will? Where's the relief? Where's the cure?

Stuart's Dyspepsia Tablets are the relief and the cure. Why? Because, as all stomach troubles arise from indigestion and because one ingredient of Stuart's Dyspepsia Tablets is able to THOROUGHLY and COMPLETELY DIGEST 3,000 GRAINS of any kind of food, doesn't it stand to reason that these little Dyspepsia Tablets are going to digest ALL the food and whatever food you put into your stomach? Science nowadays can digest food without having to use the stomach for it. And Stuart's Dyspepsia Tablets are the result of this scientific discovery. They digest and digest thoroughly and well, anything and everything you eat.

So, if your stomach refuses to work or can't work, and you suffer from constipation, bloating, flatulence, indigestion, sour stomach, heartburn, irritation, indigestion, or dyspepsia of whatever form, just take one or two of Stuart's Dyspepsia Tablets, and see the difference. It doesn't cost you much to prove it. Take your can at all you want, what you want, whenever you want, if you use these tablets, and you can look the whole world in the face with a beaming eye and you will have a cheerful spirit, a pleasant face, a vigorous body and a clear mind and memory and everything will look and taste delicious to you. That's life.

Get a package of Stuart's Dyspepsia Tablets at any drug store on earth for 50c a package.

Send us your name and address today and we will at once send you by mail a sample package, free. Address F. A. Stuart Co., 159 Stuart Bldg., Marshall, Mich.

NEW MANAGER COMES TO NEWARK

The Ohio Democrat and Times, published at New Philadelphia, contains the following:

"G. M. Earle and family left Friday for Newark, where he will assume the management of the C. R. Parrish Company's store in that city. Mr. Earle has been with the firm for 14 years and for the past 12 has resided here. Three years ago he opened a store for the company on S. Broadway and from the start success crowned his efforts. His promotion to Newark is a merited recognition of the work which he has done for the firm. The store in that city is one of the largest furniture stores there. From his many friends here, Mr. Earle has the best wishes for the same success that was his, while engaged in local business circles."

George E. Miller will take charge of the store here. He is well known and is familiar with every branch of the business. Mr. Miller has been with the Parrish people for three years, and his friends wish for him success in his new venture."

AMHERST'S NEW FOOTBALL CAPTAIN.

William Warren Killbourne, the newly elected captain of next year's Amherst football eleven, has played left tackle in every game since he entered college.

He is a strong, aggressive player and exceptionally fast down the field under blocks. Amherst's good showing against Princeton was largely due to his playing. Killbourne stands six feet two inches, weighs two hundred pounds.

500 Grains of Impurity.

Healthy kidneys remove 500 grains of impure matter from the blood every day.

If they don't, what happens? Kidney and bladder trouble of all kinds and many other bodily derangements arising from impure blood. Heart trouble, liver trouble, stomach trouble, eruptions of the skin, in fact, a general derangement of all the vital organs of the body.

The first sign of inactive kidneys may be any of the following: Lame back, pains in the side, cloudy, highly colored or offensive smelling urine, dizziness, excessive thirst, salivary or muddy complexion and a general run down feeling.

What you should do if you have any of the above symptoms. As soon as possible commence taking Lantz's Red Kidney Pills. They contain medicinal properties that will both heal and soothe the kidneys and will enable them to properly perform their function of removing all the impurities from the blood and will prevent the more serious and dangerous forms of kidney and bladder trouble, such as Diabetes and Bright's disease, the latter of which in its chronic form is always fatal.

Physicians everywhere prescribe and recommend Lantz's Red Kidney Pills as the surest and best cure for all kidney and bladder trouble.

So certain are we that they will cure that we place our guaranty in every box. If you are not benefited your money will be cheerfully refunded.

The Pills contain no harmful ingredients and may be taken by the most delicate person.

VANDALS

WORK AT FAIR GROUNDS AND DO MUCH DAMAGE TO THE BUILDINGS.

As Well as Looting the Stock of Goods Stored at the Close of Last Season.

Several of the live members of the Licking County Agricultural society have discovered that for some time vandals have been making their headquarters at the fair grounds, and that they have been rather choice in their selection. In many of the buildings goods were packed at the close of last season and these have been thoroughly looted. The fine brick hotel, especially, has suffered, a number of the doors having been pried off, several windows broken in, the woodwork defaced and other damage done. In one of the rooms of the hotel a case of empty beer bottles was found where a gang had evidently made merry. The board will be compelled to go to considerable expense in repairing the hotel. The officers of the board are endeavoring to ferret out the guilty parties and in another column of this paper will be found a notice offering a reward for any information that will lead to the conviction.

MOTORCYCLES FOR P. O. DEPARTMENT

Tests are now being made by the postoffice department of the value of a tri-car as a mail collecting vehicle. A machine having an enclosed front carrier is now being tried out in Washington, and it is stated that if it fulfills all the claims made for it, a larger order for machines will be placed.

England, which now utilizes the bicycle to an extent scarcely conceived in this country, buys a large number of bicycles yearly for her postal service. As an instance, a contract has just been made by the British General Postoffice for ten thousand inner tubes.

CHECKS

BEING WORKED ON NEWARK
MERCHANTS BY SMOOTH
SWINDLER.

FORGES SEVERAL NAMES

And Dealers Would Do Well to
Watch Out for Him—His
Description.

The check worker, who attempted to pass several forged checks on East Newark merchants several days ago is again busy and Thursday evening was successful in working one off on the grocery firm of Brillhart & Ellis, the amount being \$12.

Thursday evening about 6 o'clock a well dressed young man stepped into the store and asked Mr. Brillhart if he would cash a small check for him. He stated that he had been unable to get up town until after the banks closed and was desirous of attending the theatre. Mr. Brillhart thought he recognized in the stranger a customer who had frequently called at the store and after being informed that the amount was only \$12 replied that he would accommodate him. The young man received the money and after purchasing a cigar sauntered out upon the street.

The check was a counter check and was signed by A. H. Heisey & Co. It was written with a lead pencil and the word twelve was begun with a small letter and spelled "twive." It was made payable to Frank Wilson and was so indorsed on the back. It was a very crude piece of work and any one at first glance at it would, or should have had their suspicions aroused. Mr. Brillhart has cashed many checks for customers at various times and states that he was under the impression that the young man presenting the paper was not a stranger to him. For that reason he only glanced at it casually but after the fellow had stepped out of the door scrutinized it more closely with the result that he discovered it was a forgery. He immediately started after the forger, but he had disappeared and the matter was then reported to the police.

Shortly afterwards the same fellow presented himself at the jewelry store of Ed. Doe, on West Park Place, and asked Mr. Doe if he would cash a check for him for \$12. Mr. Doe said he thought he could accommodate him and asked to see the check. The fellow handed it to him and at first glance Mr. Doe saw that it was a forgery. He remarked that the check was all right and told the fellow to go get some one to identify him. At the same time sticking the check in his pocket. The stranger replied that Wilson Heisey was up town and he would go get him to identify him. As soon as he left the store Mr. Doe telephoned the police station to send over an officer, which request was immediately complied with, but the fellow was evidently alarmed as he did not return to claim the check, which was a wise move on his part, as he would have been nabbed. The paper was turned over to the police. It was in the same handwriting as the one received by Mr. Brillhart and was out in favor of C. F. Bunker. It bore the signature of A. H. Heisey & Co.

The fellow did not appear to be discouraged for he kept on working and evidently was not afraid to take any chances for he next tried the Ludlow Hotel, nearly opposite the police station. He walked into the cafe and put up the same old song but the gentleman behind the plank was onto the game and told him to try it out somewhere else. The fellow left and that was the last heard of him. It is to be regretted that he was not detained somewhere along the route he was working until the police could get their hands on him.

He is described as a young man about 23 years of age and would probably weigh from 165 to 175 pounds. He has a fair complexion and light hair and wears a slouch hat and a heavy bone gray raincoat.

NEWARK MERCHANTS ARE WARNED TO WATCH ORDERS

Postmaster Heisey announced Friday that Newark merchants should be on the alert if a man visits their stores and offers a money order from the Aberdeen, O., postoffice, in payment for some purchase. Blank orders from 6503 to 6600 have been stolen from the Aberdeen postoffice and are being used throughout the country. In one city alone \$12,000 has been fraudulently secured. The plan is to go into a store, pick out some article and tell the clerk or proprietor that he will return later. The man does return after the closing hours of the money order department, with a "phony" letter ordering the article he has picked out and enclosing the money order.
